Full Session Description (as long as you would like):Entrepreneurship is a process of developing and implementing new skills among students as well as various peoples.

*Entrepreneurship is defined as an individual who organises a business or businesses. It is a process of designing a new business,i.e a startup company offering a product, process or service. The entrepreneur perceives a new business opportunity .The exploitation of entrepreneurial opportunities may include design actions such as to develop a business plan,acquire the human,financial and other required resources and to be responsible for its success or failure. Entrepreneurship may operate within an entrepreneurship ecosystem which include government programmes and services that promote entrepreneurs,education,training and financing.Successful entrepreneurs have the ability to lead a business in a positive direction by proper planning,to adapt to changing environments and understand their own strengths and weakness.
