Short session description: Making of Global Citizens for Better Future

Long session description:

Global citizenship nurtures personal respect and respect for others. It encourages individuals to think deeply and critically about what is equitable, and what will minimize harm to our planet. Exploring global citizenship themes help learners grow more confident in standing up for their beliefs, and more skilled in evaluating the ethics and impact of their decisions .

With the interconnected and interdependent nature of our world, the global is not 'out there'; it is part of our everyday lives, as we are linked to others on every continent.
