Language in Which You Will Present:English

Target Audience(s):Students and educators

Short Session Description (one line): Today's education is helpful to students to raise up enterprises

Full Session Description (as long as you would like): Now days students are more sharp than earlier time their minds are much faster than their fore father's they are always ready to help their families because they through business for long term now-a- days we all are in touch of technology this era is full of globalization in which most of enterprises deal on global level now a days demand of people for away from the imagination of enterprise they always think that how they run their enterprise then the director think that nowadays student have very innovative ideas they know how to run the production of enterprise.

As we know in television we see many show for example colour infinite sharak tanki it is platform for the student and poor people in this program millions of top businessmen sit in the front of the people the innovative ideas and invest in their companies check out on the priarity.

Students know the needs of poor and rich people according to demands the make products and increase profitability and enterprises

To conclude I would like to say that school is the first platform to give us knowledge about business activities as I have made bags, pickles skarfs and papad . We also sold these thing on profit and earn money for our school fund
